

### **About Beko US, Inc.**

Established in the US in 2016, Beko US Inc, is a subsidiary of large multinational group Arçelik. Since its beginning in 1955, Beko has become one of the fastest-growing home appliance brands in Europe, a leading brand in many European markets and reached 440 million consumers in more than 145 countries. Beko is committed to developing technologically advanced, energy-efficient home appliances that support their customers' health and wellbeing.

Beko US Inc, received the Environmental Protection Agency's ENERGY STAR® Partner of the Year Award, four years in a row, from 2017 to 2020, a first for any appliance manufacturer, for its outstanding contributions to protecting the environment through energy efficiency. In 2019 and 2020, Beko US, Inc. was also recognized with an ENERGY STAR® Partner of the Year Sustained Excellence Award, the program's highest honor. ### **About Arçelik**

With 32,000 employees throughout the world, 12 brands (Arçelik, Beko, Grundig, Blomberg, ElektraBregenz, Arctic, Leisure, Flavel, Defy, Altus, Dawlance, Voltas Beko), sales and marketing offices in 34 countries, and 22 production facilities in 8 countries, Arçelik offers products and services in more than 145 countries. As Europe's second largest white goods company by market share (based on volumes), Arçelik reached a consolidated turnover of 6 billion USD in 2019. With almost 70% of its revenues coming from international markets, Arçelik is the R&D leader in Turkey – holding more than 3,000 international patent applications to date with the efforts of 1,600 researchers in 15 R&D and Design Centers in Turkey and R&D Offices across five countries.

Adopting sustainability as a business model with its "Respecting the World, Respected Worldwide" vision, Arçelik accomplished important milestones around its sustainability efforts. Arçelik is named the "Industry Leader" in Durable Home Appliances category for the 2nd year in a row in Dow Jones Sustainability Index 2020, and in accordance with PAS 2060 Carbon Neutrality Standard, became carbon-neutral in global production plants in 2019 and 2020 fiscal years with its own carbon credits. Arçelik's 2030 greenhouse gas emission reduction targets are approved by the Science Based Targets Initiative (SBTi) as in line with the Paris Agreement's "well-below 2°C" goal.

Arçelik, has ranked 34 on Corporate Knights' 2021 Global 100 Index. The ranking makes Arçelik the most sustainable home appliances and houseware company in the world. For more information visit [www.arcelikglobal.com](http://www.arcelikglobal.com).
